COOKIE POLICY

1. Introduction

Our website uses cookies to provide a smoother, more personalized, and more secure browsing experience for all users. Cookies help the system remember and store your settings, preferences, and usage behaviors, thereby improving website performance and enabling data analysis to optimize our services. By continuing to use or returning to this website, you **agree** to our use of cookies as described in this Policy.

---

2. Types of Cookies used

2.1 Persistent Cookie

These cookies remain stored on your device even after you close your browser.

They help remember your login information, language preferences, or customized settings so that your experience is faster and more convenient when you revisit the website.

2.2 Secure Cookie

These cookies are only transmitted over HTTPS connections, ensuring that your data is always encrypted and secured when accessing the website.

This protects your personal and sensitive information, such as account details or personal data, from unauthorized access during transmission.

2.3 Http-only Cookie

These cookies can only be accessed by the server and cannot be viewed or modified by JavaScript code.

This reduces the risk of attacks such as XSS (Cross-Site Scripting) and further enhances user security when logging in or performing operations on the system.

---

3. Cookie Management

You can adjust cookie permissions in your browser settings. If you do not want cookies to be stored, you can delete or disable them at any time. However, disabling cookies may cause certain features of the website to function improperly or reduce your overall experience

---

4. Contact

If you have any questions or concerns regarding the use of cookies, please contact us at email: support@hrforce.ai

---

5. Conclusion

We are committed to using cookies transparently, securely, and in compliance with user data protection regulations.

Our goal is to provide you with the best possible browsing experience while ensuring your personal data remains protected.
